

Adult Leader Outdoor Adventure Skills Mentoring Matrix

Version 3.0 - Updated 20 Jan 2019

Notes:

- 1) A reminder that all activities should read in conjunction with the latest version of the Queensland Branch Scouting Instructions. This is a live guidance document supporting the implementation of the OAS Pioneer trials in Queensland, and will be progressively updated.
- 2) This matrix outlines the future state of our training needs to support the OAS in our New Youth Program. It is recognised that some Leaders may not have yet completed a BOS course in their training, and so as an interim transition arrangement, Leaders who have completed a Wood Badge may Mentor up to Stage 3 in the Core Sections, and should plan to complete a BOS course during 2019. This interim arrangement will expire in April of 2020, where Leaders will be required to have completed a BOS course to Mentor these Stages.
